Did You Know?

## Christianity Explored

“I thought ‘Jesus Christ’ was a swear word.” That was the real response of a *Christianity Explored* student. This person had grown up his entire life in Toronto, but the extent of his knowledge of Christianity was very limited. He had no idea that Jesus Christ was the founder of Christianity. He didn’t know that Christians believed that Jesus was God and the savior of humanity. I would dare to guess that most of the people around us do not really know who Jesus is. That’s where you and *Christianity Explored* come in.

Christianity, more than anything else, is about Jesus Christ. It is so much more than being born a Christian (as if that were even possible), or adhering to a set of beliefs and doctrines, or obeying a code of ethics. Christianity is about Jesus Christ. It’s about knowing who he really is and why he came to this earth. If Jesus is truly who he says he is, then this changes everything. Either he was and still remains the Son of God and Savior and Lord of the world, or he’s one of the most delusional men to have ever walked the earth. Jesus Christ is still the most relevant person on the planet today. In *Christianity Explored* we will go through 7 video lessons on the person of Jesus Christ, based on one of his biographies called the Gospel of Mark. It’s then followed by an engaging discussion where any and all questions are welcomed. Oh, and this is preceded by a delicious (usually) home cooked meal. I, personally, invite you to look at the life and the claims of the most important person in the history of the world. Come and see for yourself who this person is and the irreversible impact he can still make in your life, as he has done for countless others.

I know for certain that every Christian reading this has a friend or colleague that would benefit greatly from taking *Christianity Explored*. Begin praying for that person and look for an opportunity to invite him to the classes that will begin **Friday, October 27, 7pm**. Email [ce@coahtoronto.com](mailto:ce@coahtoronto.com) to get more info or register. If you’re bringing a seeking friend make sure you attend with them.

Well, several years have gone by and the friend above is still seeking and I am praying and hoping that one day he too will come to love Jesus and put his faith completely in him.

Soli Deo Gloria  
*Pastor Peter*
